

# Pathways

PROFESSIONAL DEVELOPMENT PROGRAM

## What sort of changes are you and your colleagues working on for next year?

## Look to NCTE for professional development resources!

### For Teachers

Improve your teaching while earning credit through this supportive online community filled with engaging, high-quality content.

### For Schools & Districts

Pathways can help your school and district improve instruction and raise student achievement with resources aligned with your local school improvement needs.

### For University Faculty

Pathways provides a media-rich alternative to the traditional textbook or course pack for your college classes.

# Three Options to Meet Your Needs

## Pathways for Advancing Adolescent Literacy

Focuses on the unique needs of adolescent learners with learning strands in key areas such as:

- Content area literacy
- Gradual release of responsibility
- 21st century literacies
- Assessment
- Supporting English language learners

## Pathways for 21st Century Literacies

Focuses on what 21st century curricula and K–12 classroom practices look like by tapping the rich resources and collaborations made available in a 21st century learning community. Key learning strands include:

- Media literacy
- Motivation and engagement
- Global perspectives
- Integrating 21st century skills in the K–12 classroom

**New in Fall 2011!**

## Pathways for Instructional Leaders

Focuses on helping leaders better facilitate learning that leads to changes in instructional practice. Key learning strands include:

- Using data to guide Instruction
- Enacting effective schoolwide literacy practices
- Creating a plan to advance student learning
- Engaging families to support student learning
- Creating conditions for professional learning
