12/9/11: State of TYCA
address (comments from
past, present and future
TYCA leaders)

**Available on TYCA
Connected Community**

2011 Tour of TYCA

In Celebration of TYCA's 15th Anniversary, join us for the Inaugural *Tour of TYCA*, a taste of each TYCA regional conference, available online to all TYCA members.

TYCA members are innovative and effective teachers. This good work merits a broader audience. Each year TYCA members showcase their work at regional conferences, sharing ideas with, at best, a couple of dozen session attendees. However, TYCA members region-wide and nationwide can benefit from the teaching tips, classroom-based research, and outstanding programs developed by our colleagues. The *Tour of TYCA* is an online collection of sessions and session highlights from each of our seven regions. Beginning November 25 (the date of our founding), regional highlights as well as a couple of special sessions will be released for viewing and discussion. The featured sessions will remain accessible on TYCA Connected Community (available from www.ncte.org/tyca) for those unable to participate on the release date.
