

Pathways for Advancing Adolescent Literacy

Individual Enrollment

The Individual enrollment option is intended for those educators who wish to engage in a deep professional learning experience but do not have such opportunities offered through their school.

For individuals, please have the following information to successfully sign up for Pathways:

- Your name, address, institution, phone and email address. In order to qualify for member pricing, members will also need to enter their NCTE member number.
- Your preferred method of payment (credit card or institutional purchase order number)
- Individual pricing is \$119 (NCTE member price) / \$159 (non-member price).

Team Enrollment

The Team enrollment option supports the collaborative needs of teams with added features including Site Facilitator training, a team discussion forum, a common location for shared team files, team voucher for supplemental PD resources from NCTE. Teams might consist of educators from a school or district, state groups such as affiliates or language arts coordinators, or any other group that wishes to engage with professional resources in an online environment that promotes collaboration and communication.

For teams, the following information will be needed to complete processing:

- The name, address, institution, phone, email address, and NCTE member number (if applicable) of the team's facilitator.
- The name, phone number, and email address of each team member (if known). If you do not have all your participants' information upon enrollment an option will be provided for you to supply this at a later date.
- The method of payment (credit card or purchase order)
- Team pricing is based on the number of team members. The cost is \$500 plus \$150 x the number of team members. So if you have 5 team members the price is $\$500 + \$750 = \$1250$. If you have 10 or more team members the per person price is discounted to \$135 per person. So the cost for a team of 10 is $\$500 + \$1350 = \$1850$. The base price of \$500 covers the cost of the site facilitator training, membership and subscription to 3 NCTE journals for the site facilitator, team support tools (private team discussion forum and file sharing area). The team pricing also includes a team voucher valued at \$25 x the number of team members, so a team of 10 receives a voucher valued at \$250 that can be used toward other NCTE resources or services (such as books, memberships, journals, convention registration, consulting services, etc.).
